

Schoolology and Zoom for Parents.

What are Schoology and Zoom?

Schoology

Schoology is the learning management system (LMS) that FCPS is using in all schools starting this school year. It replaced Blackboard 24/7 and Google Classroom.

Zoom

Zoom is the videoconferencing platform that FCPS is using in all schools starting this year. It replaced Blackboard Collaborate Ultra and Google Meet.

Why all this NOW?

If students need to be quarantined, in isolation, or paused, this is the platform they will use to access learning.

How to get an account?

1. ParentVUE

Parents MUST have a ParentVUE account before they can access Schoology or Zoom. Parents should call Silvia Caballero in the main office (703-241-5100) to request a letter with an activation code be sent home. Then, parents can [follow these steps](#) to set up the account.

2. Schoology

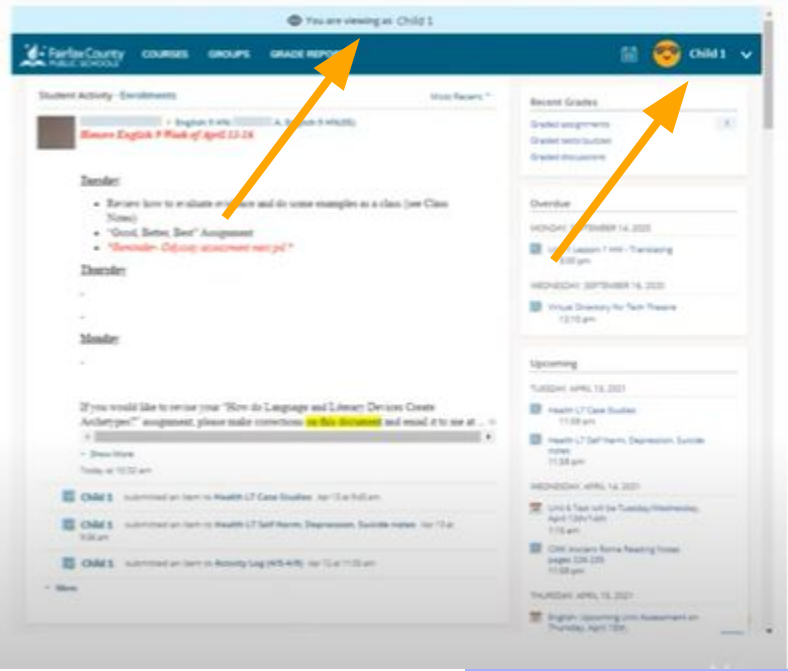

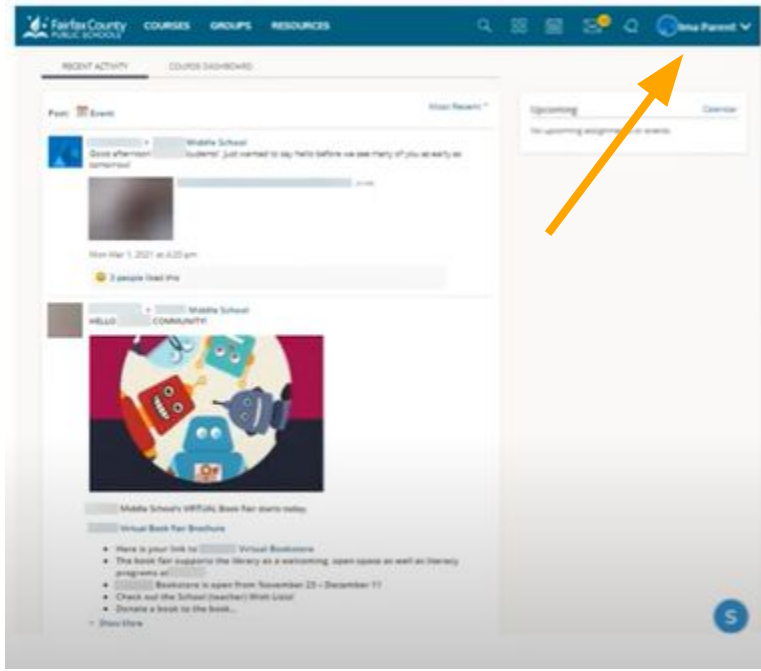

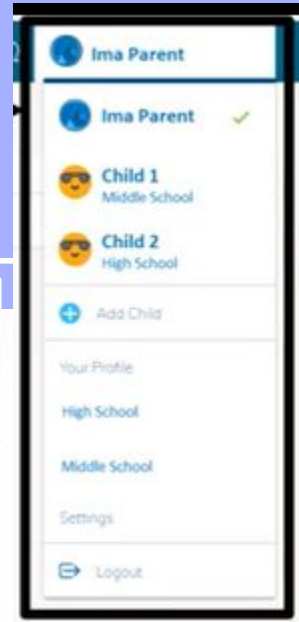

Visit lms.fcps.edu (or click the Schoology button on [Westlawn's website's homepage](#)). Then, use the same username and password that you setup for your ParentVUE account. [See these directions as a video.](#)

3. Zoom

Zoom sessions exist within Schoology courses. The top right corner has your name. Click on it to [navigate between your profile and that of your children](#) in order to move to the correct Zoom location.
